

BUILD YOUR OWN DE HEUS BULK TRUCK

De Heus' bulk trucks drive throughout The Netherlands every day (and beyond) to provide farmers with animal feed. Do you want to make your own De Heus bulk truck? Then get started quickly!

What do you need?

- Bulk truck template: you can find this on the nex page
- Scissors
- Glue

How do you make it?

- Cut out the template so that you can fold it.
- Fold the template along all the fold lines.
- Apply glue to all the adhesive edges.
- Stick the adhesive edges together.
- You now have your own De Heus Bulk Truck.

Enjoy driving and playing!

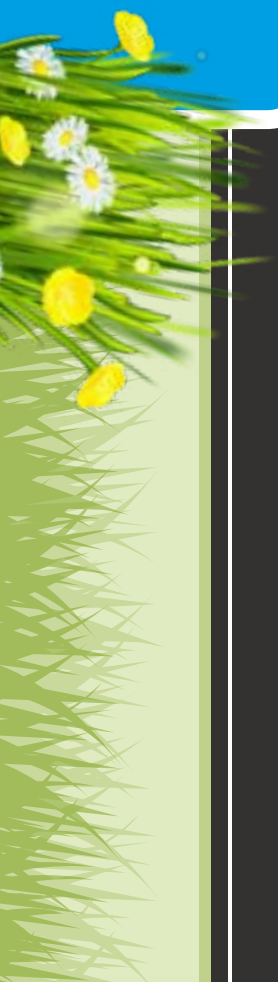

Show the bulk truck you've put together yourself to Anna & Daan. Send a photo to anna-and-daan@deheus.com and have a chance to win an Anna & Daan lunchbox.

TIP!

If you want to make your own bulk Truck really stand out,
you can also cut out the wheels a little at the bottom
so it looks just like a real bulk truck!
