

RECIPE

Piggy pops

GETTING STARTED

- 1 Push a lollipop stick into the centre of a big pink marshmallow to make the pig's body.
- 2 Cut a mini white marshmallow in half. Dab a little edible glue/ melted chocolate and stick it to the front of the pig. Use the edible marker to draw two nostrils.
- 3 Cut another mini marshmallow diagonally to make two little ear shapes. Glue them on top of the pig's head.
- 4 Dot two eyes with the edible marker (or use tiny chocolate chips pressed in gently).

Optional: Slip each pig into a cello bag, tie with ribbon, and add a fun label. Arrange them in a basket for a cheerful pig pen display.
